Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

¹ A " " following a place name indicates that the place is coterminous with a MCD. A " " indicates that the place is also a false MCD, the false MCD name is not shown.

² A " " following a block number indicates that the block number is repeated elsewhere in the block.

Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

¹ A "C" following a place name indicates that the place is coterminous with a MCD. A "0" indicates that the place is also a false MCD; the false MCD name is not shown.

² A "x" following a block number indicates that the block number is repeated elsewhere in the block.
